

**REMARKS**

By this Preliminary Amendment, claims 7-24 added. Thus, claims 1-24 are pending.

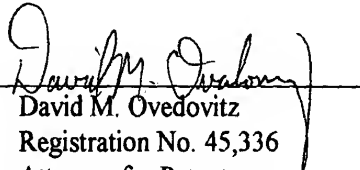

Because claims 7-24 provide a broader scope than the original patented claims, this application is a broadening reissue application. This broadening reissue is proper because it has been filed within two years of the September 11, 2001 issue date of U.S. Patent No. 5,288,750.

Support for the new claims is found at least at: column 4, line 59 - column 5, line 54; column 5, line 66 - column 6, line 26; column 7, lines 27-36; column 7, lines 58-60; column 8, lines 21-30; and Figs. 1 and 2.

In view of the above amendments, examination is requested.

Respectfully submitted,

Mikihiko YAMADA et al.
